

Valuation Summary

PROPERTY VALUATION REPORT

BAUAN, POBLACION III

BINAY ST (RESSURRECCION ST) - 100 sqm

Ref 20261002-BAU-58

2026-10-02

MARKET GUIDE ESTIMATE

PHP 2,875,000

Planning figure

GUIDE RANGE

PHP 2,443,750 - PHP 3,737,500

85%-130% planning scenarios

OFFICIAL BIR ZONAL REFERENCE

PHP 1,150,000

PHP 11,500/sqm, tax reference

Source match: Exact BIR street value, matched from 1 reference value(s). Match depth is not a statistical valuation accuracy score.
Source match level: street.
This is a market-oriented planning guide, not a certified appraisal, statutory assessment, tax determination or lending valuation.
The BIR zonal reference is an official tax reference and is not interchangeable with the estimate.

Valuation summary

BIR zonal value per sqm	PHP 11,500
Lot area	100 sqm
BIR zonal value	PHP 1,150,000
Market guide estimate	PHP 2,875,000
Guide range	PHP 2,443,750 to PHP 3,737,500
Range midpoint	PHP 3,090,625
Market guide rate per sqm	PHP 28,750
Reference schedule	035-2022 (4th), effective 2022-07-23

What your report contains

Part	Contents	Page
01 Valuation Summary	The estimate, the range, and how much weight it carries.	1
02 Detailed Computation and Legal Basis	Every factor multiplied out, with the authorities behind them.	2
03 Tax Implications	Estimated selling costs, net proceeds, and the filing deadlines.	3
04 Market Analysis and Comparables	Match level, comparable listings, and where this sits locally.	5
05 Documents and Filing Guide	What is needed, who to ask, and what late costs.	6
06 Negotiation Strategy and Disclaimer	Pricing reference points, sources, limits, and disclaimers.	8

Comparable asking listings are context only, not calculation inputs.

Detailed Computation and Legal Basis

Every step can be checked by hand. Factors compose multiplicatively: each line multiplies the one above it. Where the BIR masked a row as "same as above", it was resolved only where a municipality-wide rate existed and was never guessed.

Step 1 - reference rate lookup

Region	Region IV-A (CALABARZON)
Province	Batangas
City / Municipality	BAUAN
Barangay	POBLACION III
Street	BINAY ST (RESSURRECCION ST)
Classification	RR - Residential Regular
Zonal value found	PHP 11,500 / sqm
Instrument	DO 035-2022 (4th), RDO 58, effective 2022-07-23

Step 2 - land value

BIR zonal base	PHP 11,500/sqm
Corner adjustment	not applied
Property-use factor	x 1.00 (residential)
Market band midpoint	x 2.50
Regional adjustment	x 1.00
Effective land rate	PHP 28,750/sqm
Lot area	100 sqm
Land value	PHP 2,875,000

Step 3 - house value

Not applicable. This is a vacant lot, valued on land only with no house component.

Step 4 - ownership and title adjustment

No occupancy or title adjustment applied to this estimate. Any inputs recorded are listed in part 06.

Final market guide estimate PHP 2,875,000

Legal and regulatory basis

Reference	Basis
Zonal values	Department Order 035-2022 (4th), RDO 58, effective 2022-07-23
Authority of the BIR	RA 12001, Real Property Valuation and Assessment Reform Act
Fair market value for tax	Sec. 6(E) NIRC: relevant BIR zonal and assessor schedule values; no half-zonal proxy
Capital gains tax	Sec. 24(D) NIRC - 6% of higher gross selling price or statutory FMV for qualifying capital assets
Documentary stamp tax	Sec. 196 NIRC; filing under Sec. 200(B), amended by RA 11976 Sec. 30
Local transfer tax	Secs. 135 and 151 LGC - provincial/city rates depend on the LGU ordinance
Estate tax	Secs. 84 and 86 NIRC, amended by RA 10963 Secs. 22-23 - 6% of net taxable estate
Professional standard	PVS 105 governs a LICENSED APPRAISAL. This report is not one and makes no claim of PVS 105 compliance.

Tax Implications

These are illustrative amounts for planning, not amounts payable. The BIR, the LGU and the Registry of Deeds each determine what is actually due.

The tax base is the HIGHER applicable selling price or statutory fair market value: PHP 2,875,000. Highest of the entered/assumed selling price, BIR zonal reference and supplied assessor schedule FMV. Selected: SEA ESTATES market guide estimate (illustrative). Assessor FMV not supplied; confirm before filing.

Assumes a capital-asset sale. CGT, broker and quoted notarial costs are seller-paid; DST, transfer and registration buyer-paid. Allocation is negotiable. A higher selling price can raise CGT and DST; verify assessor FMV, exemptions and local fees.

Transaction-cost illustration

Fee or tax	Rate	What it is charged on	Amount	Paid to
Capital gains tax	6%	higher of selling price or statutory fair market value (Sec. 24(D) NIRC) = PHP 2,875,000	PHP 172,500	BIR
Documentary stamp tax	1.5%	higher of selling price or fair market value = PHP 2,875,000	PHP 43,125	BIR
Local transfer tax	0.5%	higher of original price, current value or fair market value = PHP 2,875,000	PHP 14,375	City or Municipal Treasurer
Registration fee (estimate)	about 0.1%	higher of selling price or fair market value = PHP 2,875,000	PHP 2,875	Registry of Deeds
Notarial fee (estimate)	not supplied	optional quoted notarial fee; excluded when not supplied	Not supplied	Notary Public

Statutory bases: Sec. 24(D), National Internal Revenue Code; Sec. 196 NIRC; filing under Sec. 200(B), as amended by RA 11976 Sec. 30; Secs. 135 and 151, Local Government Code (RA 7160); Presidential Decree 1244, schedule of fees; Quoted professional fee; no universal amount assumed.

From asking price to cash in hand

Line	Amount
Entered/assumed transaction price	PHP 2,875,000
All transaction costs (CGT, DST, transfer, registration)	- PHP 232,875
After all transaction costs, before broker/notary	PHP 2,642,125
Seller proceeds after CGT and quoted notary, before broker	PHP 2,702,500
Less broker's commission (3% to 5%)	- PHP 86,250 to - PHP 143,750
Estimated cash received after seller costs	PHP 2,558,750 to PHP 2,616,250

Illustrative negotiated 3% to 5% of the agreed price, assumed seller-paid here; confirm rate and allocation in writing.

Inheritance: property-only scenarios

Line	On BIR zonal basis	On market basis
Gross estate value	PHP 1,150,000	PHP 2,875,000
Standard deduction (Sec. 86(A)(1) NIRC)	- PHP 5,000,000	- PHP 5,000,000
Net estate	PHP 0	PHP 0
Net taxable estate in this scenario	PHP 0	PHP 0
Estate tax at 6%	PHP 0	PHP 0

These property-only scenarios assume the property were the entire citizen/resident estate. Actual liability requires all estate assets, applicable death-date values, liabilities and deductions. The PHP 10M family-home limit is conditional, not an additional universal exemption. Registrable

Tax Implications, continued

property may require an estate return even when estimated tax is zero.

Basis: Secs. 84 and 86 NIRC, as amended by RA 10963 Secs. 22-23: 6% of net taxable estate

Market Analysis and Comparables

How the estimate was reached from the available evidence, and how the property sits against other land in the same municipality.

Data coverage and match level

Match level	Exact BIR street value
Reference values used	1 value(s) for this classification
Source match	Exact BIR street value; not statistical confidence
Fallback applied	none
Comparable asking listings	none available
Municipality street rows	837

Where this property sits locally

BIR zonal rates for classification RR across BAUAN, from 248 value(s). These are zonal rates, not market prices.

Measure	Zonal rate per sqm	What it means for this property
Lowest recorded	PHP 700	Cheapest land of this classification in the municipality
25th percentile	PHP 1,700	Below this, the property sits in the cheapest quarter
Median	PHP 3,700	Half of comparable land is above, half below
75th percentile	PHP 9,000	Above this, the property sits in the dearest quarter
Highest recorded	PHP 17,000	Dearest land of this classification in the municipality
This property's BIR rate	PHP 11,500	In the dearest quarter of this classification locally

Comparable asking listings

No comparable asking listings were available for this location, so the estimate uses the disclosed BIR-based factors only. This is the most common outcome in the covered area and is a limitation of the evidence, not of the property.

Estimate against context

This property (guide)		PHP 2,875,000
BIR median zonal		PHP 370,000
BIR zonal (this prop)		PHP 1,150,000

Documents and Filing Guide

A starting checklist, not an exhaustive one. Requirements vary by the LGU, the Registry of Deeds and the transaction, and the Registry of Deeds will reject a transfer with a missing document regardless of what any checklist says.

Filing deadlines and penalties

Each obligation has its own trigger: CGT generally runs from notarisation, DST from the close of the document month, transfer tax from the deed date, and the estate return from death (one calendar year). Confirm applicable rules before setting a filing date.

Obligation	Due within	From	Paid to	If late
Documentary stamp tax	10 days	close of the month the taxable document was made, signed, issued, accepted or transferred	BIR	Surcharge and interest depend on taxpayer classification and circumstances; confirm current BIR rules
Capital gains tax	30 days	date of notarisation of the deed of sale	BIR	Surcharge and interest depend on taxpayer classification and circumstances; confirm current BIR rules
Local transfer tax	60 days	date of the deed of transfer	City or Municipal Treasurer	Interest and penalties fixed by local ordinance
Estate tax return (filing may be required even with zero tax)	365 days	date of death (one calendar year, not always exactly 365 days)	BIR	Surcharge and interest depend on circumstances; confirm current BIR rules

Filing steps

#	Step	Where	Deadline
1	Execute the deed of absolute sale	Notary Public	Before any filing
2	Pay capital gains tax	BIR RDO	Within 30 days of notarisation
3	Pay documentary stamp tax	BIR RDO	Generally within 10 days after the close of the document month; confirm applicable rules
4	Obtain Certificate Authorizing Registration	BIR RDO	After CGT and DST are settled
5	Pay local transfer tax	City or Municipal Treasurer	Within 60 days of the deed
6	Register the transfer of title	Registry of Deeds	After CAR release
7	Update the tax declaration	City or Municipal Assessor	After the new title is released

Documents the seller usually provides

#	Document
1	Original Owner's Duplicate Certificate of Title (OCT/TCT)
2	Tax Declaration, current year
3	Real property tax clearance
4	Updated receipts of real property tax payments
5	Valid government IDs of the seller
6	Special Power of Attorney, if a representative signs
7	Marital Consent or Spousal Affidavit, if married
8	Authority to sell, if the owner is abroad or unavailable
9	Electrical and water account clearance, where requested

Documents and Filing Guide, continued

Documents the buyer usually prepares

#	Document
1	Valid government IDs
2	TIN, for BIR purposes
3	Proof of income or source of funds
4	Marriage Certificate, if married
5	Down payment receipt or proof of funds
6	Pre-approval letter, if bank financed
7	Post-dated cheques, if bank financed
8	Power of Attorney, if represented

Confirm every requirement with the BIR RDO, the City or Municipal Treasurer and the Registry of Deeds before relying on this list. Requirements vary by locality and change without notice. This is a starting checklist, not an exhaustive one.

Negotiation Strategy and Disclaimer

Pricing strategy

Reference points for a conversation, not a recommendation to price or accept at any of them. They are what the disclosed factors produce; they are not what a buyer will pay.

LOWER END OF GUIDE RANGE

PHP 2,443,750

A reference point for reviewing offers.

CENTRAL PLANNING ESTIMATE

PHP 2,875,000

The disclosed factor-based estimate (100%).

TAXES AND FEES

- PHP 316,250

Seller-paid CGT, broker and quoted notarial costs. DST, transfer and registration assumed buyer-paid. A higher selling price can raise CGT and DST.

CASH YOU WOULD RECEIVE

PHP 2,558,750 - PHP 2,616,250

Estimated net proceeds at the guide estimate after those seller costs, across the usual commission band.

The BIR zonal value is a tax floor in practice, not a negotiable one. It is what the BIR assesses against, so a price below it does not reduce the tax base for CGT or DST.

The 85%-130% guide range expresses planning scenarios, not statistical confidence. Source match quality is reported separately. No site inspection or verified title assessment is performed. Unverified inputs apply model adjustments where stated; actual condition, access, flood risk and buyer demand require professional review.

Source of record

All in-force instruments are listed. The one governing this property is marked APPLIES.

Instrument	Applies to	Effective	Status	Authority
APPLIES Department Order 035-2022 (4th)	RDO 058 (Batangas City, West Batangas) No superseding Department Order identified as at the currency check below. Under RA 12001 (Real Property Valuation and Assessment Reform Act), BIR zonal values remain in force until replaced by an LGU-approved Schedule of Market Values.	2022-07-23	in-force	Bureau of Internal Revenue
also in force Department Order 034-2022 (5th)	RDO 059 (Lipa City, East Batangas)	2022-07-10	in-force	Bureau of Internal Revenue
also in force Replacement Cost New (RCN) construction rate table	Batangas province, house-and-lot improvements only Assumed new-build construction cost used for the cost approach. Depreciated by age band.	2026-01-01	internal-reference	SEA ESTATES

Reference schedule used

Order of adjustments: BIR zonal rate per sqm for matched street and classification > Corner lot adjustment > Property-use proxy factor > Market band midpoint > Regional adjustment > Lot area > Improvement component (house and lot only)

What this report does not cover

- No physical inspection of the property is performed or implied.
- Interior condition, structural defects and unpermitted additions are not observed; recorded condition inputs are unverified.
- Comparable listings are asking-price context, not verified transaction records.
- The factor set is a SEA ESTATES internal reference and has not been reviewed by an independent qualified appraiser.
- Flood, access and site notes are non-monetary client-supplied flags. Occupancy, title and inheritance answers may apply disclosed model marketability deductions; no document verification is implied.

Disclaimer

SEA ESTATES Property Value Guide - a planning estimate using the imported BIR zonal reference, disclosed SEA ESTATES factors, and disclosed improvement-cost assumptions where applicable. Comparable asking-listing prices are reported as context and are not direct calculation inputs. Review the selected schedule, match level, factors, and assumptions; confirm current BIR/LGU references and property details before a transaction. A site and document review can further refine the estimate.

The tax figures in this report are illustrative estimates computed from published statutory rates for planning purposes. They are not a computation of tax payable. The BIR, the City or Municipal Treasurer and the Registry of Deeds determine the actual amounts, and the BIR tax base is the higher of the selling price and the fair market value as the BIR determines it. Consult a tax practitioner or lawyer before relying on any figure here.

This report is not a certified appraisal and does not claim compliance with PVS 105. For a formal valuation assignment, request a licensed real estate appraiser's site and document review.
